experts and incubators. By fostering a culture of research and innovation, Trident's Idea and Innovation Cell empowers young entrepreneurs to develop sustainable solutions, contribute to economic growth, and drive technological advancement in alignment with national start-up and innovation missions.

Plate 2: Trident Academy of Technology collaborates with the **Odisha Skill Development Authority (OSDA)** to provide advanced training and start-up support for students. Through this partnership, students gain hands-on experience, industry-relevant skills, and entrepreneurial exposure aligned with state and national development goals. Various programs, workshops, and incubation opportunities are conducted to enhance employability and innovation. This initiative empowers students to become skilled professionals and job creators, reinforcing Trident's commitment to promoting skill-based education, entrepreneurship, and sustainable development in Odisha.

Plate 3: Trident Academy of Technology offers free vocational training programs under the DDU-GKY initiative. The college management team conducts regular visits to oversee and support these programs, ensuring that participants receive quality training and resources. This initiative aims to enhance employability skills and provide valuable opportunities for students and community members.

Plate 4: The DDU-GKY program's lab sessions at Trident Academy of Technology offer hands-on training, enhancing participants' practical skills and confidence for future employment opportunities.

Description

Trident Academy of Technology fosters innovation, skill development, and entrepreneurship through multiple initiatives. The **Idea and Innovation Cell** promotes creativity and start-up incubation, while collaboration with the **Odisha Skill Development Authority (OSDA)** enhances employability through industry-oriented training. Additionally, free vocational programs under the **DDU-GKY** initiative provide hands-on learning and community empowerment. Together, these efforts strengthen Trident's commitment to skill-based education, innovation, and sustainable economic growth.
