SDG10: REDUCED INEQUALITIES

10.6.3 Access to underrepresented groups recruit

Take planned actions to recruit students, staff, and faculty from under-represented groups

Trident Academy of Technology has a well-defined Admission Reservation Policy. It stipulates the reservation for unrepresented groups like Scheduled Caste, Scheduled tribe, minority, physically challenged, economically weaker people, and wards of Indian Armed Forces students in the admission process of the Institute.

Policy link-

Trident Academy of Technology has other measures to provide equal opportunities for employment to the people under unrepresented groups. The institute has constituted an **Equal Opportunity Cell Committee** (link) for this purpose.

Also, the Trident Academy of Technology has established a **committee for social protection**

Special Care Group

Advanced learners are identified by the faculty members during classroom interaction with the students and their performance in different seminars, projects or research works. On account of this the Institution is very co-operative towards the advanced learners and the concerned department is directed to take their special care. • Special classes are organized departmentally to cater to advanced learners. • They are advised to spend more time in the digital library where they can access different e books, journals, research papers NPTEL video lectures etc. • They are also encouraged to participate and present paper in both the in-house seminars conducted by our institute as well as at other institutes situated inside and outside the state. The students those are found poor performers during the end of first one or two experiments, are given special care for the improvement in the practical knowledge. Those students who lags in Lab courses are given special care and they are provided with extra lab practices.
