

## Evidence(s) THE-Impact Ranking

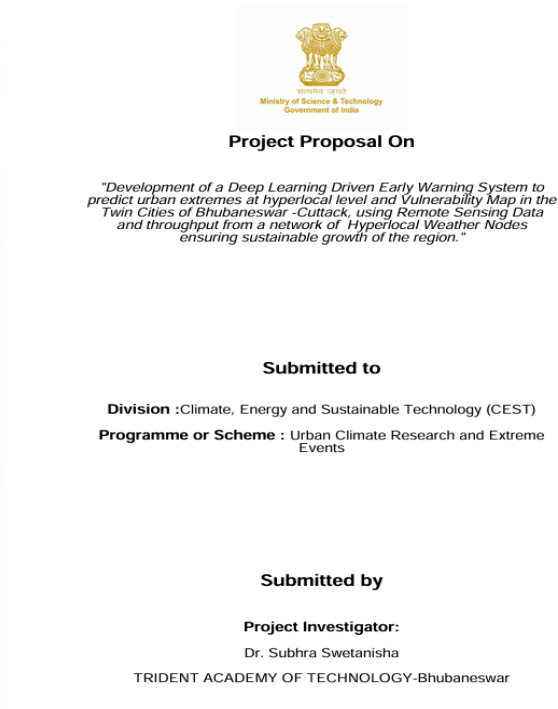

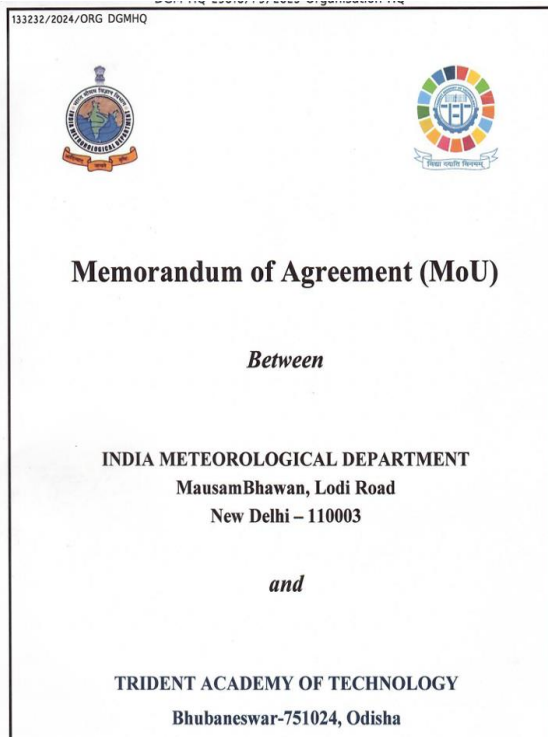

**HEI: TRIDENT ACADEMY OF TECHNOLOGY**

**COUNTRY: INDIA**

**WEBSITE: <https://tat.ac.in/best-practices/>**

**13. Climate Action**

### 13.3.3 participate in co-operative planning for climate change disasters

Trident Academy of Technology has signed a Memorandum of Understanding (MoU) with the India Meteorological Department (IMD) and the Centre for Sustainable Technologies (CST) to collaborate on climate change and disaster management initiatives. This partnership focuses on research, training, and knowledge-sharing to enhance resilience against climate-related disasters. Through this MoU, Trident aims to integrate climate risk assessment, forecasting, and early warning systems into its academic programs and community outreach. The collaboration provides students and faculty with valuable insights and skills for addressing environmental challenges, strengthening Trident's role in promoting climate action and sustainable development practices.
