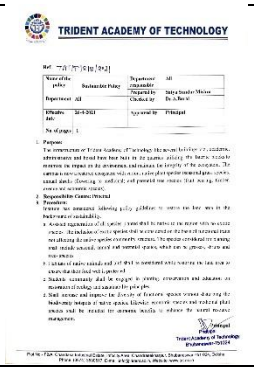
15.3.1 SUSTAINABLE USE, CONSERVATION AND RESTORATION OF LAND POLICY

15.3.1 SUSTAINABLE USE, CONSERVATION AND RESTORATION OF LAND POLICY



TRIDENT ACADEMY OF TECHNOLOGY

Plate 1- Sustainable Policy

Plate 1- Trident Academy of Technology's Sustainable Policy, effective April 26, 2021, focuses on minimizing environmental impact through eco-friendly infrastructure. The campus infrastructure, constructed with locally sourced laterite blocks, supports a restored ecosystem featuring diverse native plant species, including grasses, shrubs, and trees. The policy ensures that all planting consists of native species to promote local biodiversity and protect animal habitats. Engaging students in planting, conservation, and educational activities fosters ecological awareness and responsibility. The initiative seeks to improve functional diversity while incorporating economically valuable and medicinal plants, thereby supporting sustainable natural resource management. The Principal oversees this policy's implementation.
