15.4.2 POLICY ON PLASTIC WASTE REDUCTION

15.4.2 POLICY ON PLASTIC WASTE REDUCTION

Name of the policy	Plastic Waste Reduction Policy	Department responsible	All
Department	All	Prepared by	Deepak Mohapatra
Effective date	11-1-2023	Checked by	Dr. D.N.Pattanayak
No. of pages	2	Approved by	Principal

The short-term benefits and convenience of plastic and plastic goods have led to a boom in the production and consumption of plastic. Over the past century, excess consumption of plastic has surpassed the management of plastic waste and led it to become a scourge to the planet.

Plastic waste exposed to the environment creates problems and is of significant concern for all life forms. Plastics, being a Hazardous element in society pose a major threat to the livelihood of Mankind and other beings in the world. We have all contributed to this problem, knowingly or unknowingly and we must work to reduce and eliminate plastic pollution.

Plate 1- Plastic Waste Reduction Policy

Plate 1- Plastic free campus

Plate 1- Plastic Waste Reduction Policy- Trident Academy of Technology has implemented a comprehensive plastic waste reduction policy, encouraging the use of reusable materials and providing recycling bins for proper waste disposal. The institute's plastic waste minimization policy educates students, faculty, and staff about the environmental impacts of plastic waste. The campus generates considerable recyclable materials such as plastic, glass, and cans, commonly from packaging, snacks, and handwritten notes.

15.4.2 POLICY ON PLASTIC WASTE REDUCTION

<https://tat.ac.in/wp-content/uploads/2024/11/plastic-waste-Reduction-Policy.pdf>

Plate 2- The Trident Group of Institutions is committed to fostering an environmentally sustainable campus by reducing and eventually eliminating single-use plastics. This document, "Plastic Free Campus," is a comprehensive guide outlining our mission, vision, strategies, and implementation plans to create a cleaner, greener educational environment. The initiative aligns with global sustainability goals, aiming to inspire students, faculty, and staff to adopt eco-friendly practices that protect our planet for future generations. This initiative emphasizes awareness, education, and practical steps toward change, including baseline surveys, policy creation, sustainable alternatives, and regular monitoring. Our SMART framework provides measurable, achievable, and time-bound goals to ensure effective progress. Through collaboration and a shared sense of responsibility, we aim to set a standard for sustainability in educational institutions.

Description –

Trident Academy of Technology's Plastic Waste Reduction Policy promotes reusable materials and provides recycling bins for proper disposal. This initiative educates students, faculty, and staff on plastic waste's environmental impact, reducing campus waste from packaging, snacks, and notes, while encouraging sustainable practices in managing recyclable materials.
