students with the necessary resources to adapt to modern technology, and are available for academic purposes to all willing users.

Plate 2- Lifelong Access Policy- The Lifelong Access Policy at Trident Academy of Technology, overseen by the Principal and prepared by Dr. A. Baral, aims to provide alumni and former students with ongoing access to educational resources and services, fostering continuous learning and professional development. Effective from March 14, 2024, this policy ensures that all graduates can utilize library services, enrol in continuing education courses, access online learning platforms, and benefit from career services such as job placement assistance and networking opportunities. The institution will maintain an alumni portal for communication and updates, actively seek feedback for improvements, and review the policy annually to remain relevant in supporting alumni needs.

Description

Trident Academy of Technology is dedicated to public resources and lifelong learning, exemplified by its modern central library and computer labs. The library boasts 60,000 volumes, 274 e-journals, and a digital library, all managed through a computerized system for efficient access. The spacious, air-conditioned computer labs are equipped with the latest hardware, licensed software, and updated antivirus programs, providing essential resources for students. In 2023, the academy expanded its commitment to the community by offering free access to educational materials for individuals not enrolled at the institution. Additionally, the Lifelong Access Policy, effective March 14, 2024, supports alumni with ongoing access to resources and services, fostering continuous learning and professional development.
