Description

At Trident Academy of Technology, a total of 81 students from diverse academic programs are recognized as first-generation students, marking a significant step in fostering educational access and equity. The majority, 55 students, are enrolled in the B. Tech program, reflecting a strong interest in technology and engineering fields among first-generation learners. The institution also supports 10 first-generation students in both the MBA and MCA programs, highlighting a growing interest in management and computer applications. Additionally, two first-generation students are pursuing an M. Tech degree, furthering their education in advanced technical disciplines.
